

Screaming Trumpet Pro: Flugelhorn - Articulation List

	Articulation Group	Description
Standard	Sus	Sustained notes.
	Vib	Vibrato sustains. Normal and slow variations.
	Stac	Staccato. Two dynamics (Bite, F). Comes with 4 alternating samples per dynamic. Round robin uses pitch shifting to multiply the number of alternating samples by 3. Light versions of staccato provide single note non-alternating samples. Bite samples are bright and very short staccatos, while the F staccatos are slightly longer.
	Legato	Fairly short duration samples with very little attack. Can be used with SIPS to produce a very convincing slurred legato effect between moderate to fast moving passages.
Effects	Jazzy	Variations include: <i>Harry James</i> (heavy vibrato that turns into a little shake) and <i>Turn</i> (Short jazzy articulation with a heavy vibrato at the end of the note).
	Falls Rough	Variations include: <i>Umph</i> and <i>Short</i> .
	Falls Smooth	Short smooth falls.
	Rise Rough	Short rough rise up to the final note
	Rise Smooth	Short smooth rise up to the final note (Slur Up Long).
	Bends	Variations include: <i>Bend</i> (short bend down and then back up to note) and <i>Bend Down</i> (bend down to note without bending back up).
	Grace Notes	Half-step grace notes. Short and long variations.
	Slur Up	Smooth slur up to note (Slur Up Short - like smooth grace notes).
	Maynard	Up down rip at the end of a short note.
	Flair	Quick slur up after short note.
	Mordent	Half step up and then back down to note.
Scale	Variations include: <i>Up</i> (4-note chromatic scale up to final note), <i>Down</i> (4-note chromatic scale down to final note), and <i>Up Down</i> , which is a combination of the two. Note that the accent is on the final note.	
Releases	Basic Release Triggers	Release triggers include: <i>Normal</i> (normal release).
	Maynard Release Triggers	Release triggers include: <i>Short</i> up down rips.
	Shake Release Triggers	Release triggers include: <i>Turn</i> and <i>Harry James</i> .
	Doit Release Triggers	Release triggers include: <i>Flair</i> .
	Falls Rough Release Triggers	Release triggers include: <i>Umph</i> and <i>Short</i> .
	Falls Smooth Release Triggers	Release triggers include: <i>Short</i> .
